EXCELLENT MUSIC RESEARCH ARTICLES

<http://www.newhorizons.org/strategies/arts/locklear.htm> - by Sandra Locklear with research contributions from HSD music specialists. Research based justification for music in public schools; a Johns Hopkins University sponsored website; written in 2002 to present to the HEA (Highline Education Association) to increase music time at the elementary level from 30 to 45 minutes (thereby increasing planning time for classroom teachers).
